

FUTURE NAVIGATION: EXPERTISE & INNOVATION

CONGRESS TRAUMA UKRAINE 2026

KNOWLEDGE THAT SAVES

PROGRAM

October
15–16 2026

Kyiv, Ukraine

ALL UKRAINIAN
ASSOCIATION OF
SURGERY OF INJURIES
AND REHABILITATION

Dear Colleagues and Partners,

We are delighted to welcome you to
CONGRESS TRAUMA UKRAINE 2026.

The modern world is experiencing an era of global crises, catastrophes, and military conflicts that pose unprecedented challenges to humanity. In this rapid and intense environment, medical professionals are the very first to take the hit. Today, the mission of the medical community extends far beyond treating diseases – it is about saving lives and restoring a person's future under critical conditions. Therefore, the core vector of this year's Congress is "Future Navigation: Expertise & Innovation" – a collaborative journey to map out new, effective pathways in trauma care and orthopedics.

Managing modern severe trauma demands absolute synergy among highly specialized fields. No single specialist –

whether an abdominal or thoracic surgeon, maxillofacial surgeon, neurosurgeon, joint replacement or arthroscopic orthopedic specialist, complex fracture trauma surgeon, or an orthoplastic surgeon specializing in bone and soft tissue reconstruction – can successfully navigate the complex treatment required for today's multi-system injuries on their own.

To address today's large-scale challenges, time-tested templates are no longer sufficient. We need swift, flexible, and unconventional solutions.

This event is dedicated to uniting our collective expertise to address the most critical and complex challenges in modern medicine.

CONGRESS TRAUMA UKRAINE 2026 serves as a unique two-day platform for international exchange. We unite for the sake of life. Let us navigate the pathways of the future together!

Message from the President of the All-Ukrainian Association of Surgery of Injuries and Rehabilitation (ASIR):

The All-Ukrainian Association of Surgery of Injuries and Rehabilitation (ASIR) was founded with a singular purpose – to unite the expertise of professionals for a comprehensive transformation of our field. Today, as challenges reach a global scale, this unity has become vital. Our Congress is not merely a report on progress; it is a navigation chart for the medicine of tomorrow. We are proud to share our unique experience with the world and stand fully ready to adopt the finest global practices, driving the future of surgery forward together.

**Professor
Mykola Ankin,
MD, ScD**

President of the
All-Ukrainian
Association of
Surgery of Injuries
and Rehabilitation
(ASIR)

Message from the Chairman of the Organizing Committee:

In shaping the program for the Congress Trauma Ukraine 2026, we deliberately moved away from traditional academic frameworks in favor of dynamic, acute clinical practice and high technology. We have gathered experts from different continents to enable every participant to push past standard algorithms. This event is designed to equip physicians with precise tools for making unconventional decisions in the most complex clinical cases. Let us pave this way together.

**Professor
Igor Zazirnyi,
MD, ScD**

Chairman of the
CONGRESS
TRAUMA
UKRAINE 2026
Organizing
Committee

15.10
THURSDAY

Ramada Encore Kyiv
Kyiv, Ukraine

Event Hall Kyiv

TRAUMA

SPECIFIC FEATURES OF FRACTURE MANAGEMENT

MODERATORS:

Andrii Kalashnikov, Serhii Huriev, Serhii Tertyshnyi

09:00–09:10

Serhii Bezruchenko, MD, PhD (Ukraine)

SURGICAL FIXATION OF GUNSHOT FRACTURES OF THE SCAPULAR SPINE AND ACROMION WITH BONE DEFECTS: CLINICAL AND BIOMECHANICAL RATIONALE

09:10–09:20

Mykhailo Denysiuk, MD (Ukraine)

DIFFERENTIATED APPROACH TO THE SURGICAL TREATMENT OF CASUALTIES WITH GUNSHOT FRACTURES OF LONG BONES ASSOCIATED WITH PERIPHERAL NERVE INJURIES

09:20–09:30

Prof. Klemens Horst, MD, PhD (Germany)

FRACTURES AND NON-UNIONS OF THE DISTAL FEMUR: CURRENT CONCEPTS AND UNRESOLVED QUESTIONS

09:30–09:40

Prof. Ulrich Stöckle, MD, DSc (Germany)

NEW UNDERSTANDING OF BONE HEALING AND NON-UNION

09:40–10:00

Vitalii Kryliuk, MD, DSc (Ukraine)

TARGETED EVACUATION OF CASUALTIES

DEVELOPMENT AND FUNCTIONAL FEATURES OF THE TRAUMA CARE SYSTEM IN LEADING EUROPEAN COUNTRIES AND UKRAINE

MODERATORS:

Mykola Ankin, Kostiantyn Humeniuk, Roman Derkach

10:00–10:20

Kostiantyn Humeniuk, MD, PhD (Ukraine)

MODERN INNOVATIONS IN THE DIAGNOSIS AND TREATMENT OF COMBAT TRAUMA

10:20–10:40

Shehan Hettiaratchy, MA, MB BChir, DM, FRCS(Plast) (UK)

TRAUMA SYSTEM IN THE UK

10:40–11:00

Prof. Frank Hildebrand, MD, PhD (Germany)

TRAUMA SYSTEM IN GERMANY

11:00–11:20

Roman Derkach, MD, PhD (Ukraine)

MINISTRY OF HEALTH ORDER ON TRAUMA MANAGEMENT: PRINCIPLES, KEY FEATURES, AND OPPORTUNITIES

11:20–11:40

Prof. Justus Beier, MD, PhD (Germany)

THE ROLE OF THE INTERDISCIPLINARY TEAM IN SAVING LIFE AND LIMB

11:40–12:00

Serhii Huriev, MD, PhD (Ukraine)

TRAUMA CENTERS AND DISASTER MEDICINE: MANAGING MASS CASUALTY INCIDENTS

12:00–12:20

Prof. Roman Pfeifer, MD, PhD (Switzerland)

THE TRAUMA CENTER SYSTEM IN SWITZERLAND

12:20–12:30

DISCUSSION

12:30–13:00

OFFICIAL OPENING. WELCOME WORDS FROM INTERNATIONAL MEMBERS OF THE ASSOCIATION

13:00–13:30

COFFEE BREAK

Ramada Encore Kyiv
Kyiv, Ukraine

Event Hall Kyiv

ACETABULAR SURGERY

MODERATORS:

Igor Zazirnyi, Serhii Hariyan, Adrian Fil

14:00–14:20

Serhii Hariyan, MD, PhD (Ukraine)

MANAGEMENT OF TRANSVERSE ACETABULAR FRACTURES

14:20–14:40

Prof. Marius Keel, MD, PhD (Switzerland)

SURGICAL RECONSTRUCTION OF ACETABULUM UND REPOSITION TECHNIQUES

14:40–15:00

Mykola Kyrylenko (Ukraine), Denys Hlynskyi (Ukraine)

DIAGNOSTIC CAPABILITIES OF CONVENTIONAL RADIOGRAPHY AND CT IN ACETABULAR FRACTURES

15:00–15:20

Prof. Roman Pfeifer, MD, PhD (Switzerland)

BOTH COLUMN ACETABULAR FRACTURES

15:20–15:40

Mykola Ankin, MD, ScD (Ukraine)

FEMORAL HEAD FRACTURES ASSOCIATED WITH ACETABULAR FRACTURES

15:40–16:00

Prof. Frank IJpma, MD, PhD (Netherlands)

POSTERIOR COLUMN AND POSTERIOR WALL ACETABULAR FRACTURES

16:00–16:20

Adrian Fil, MD, ScD (Ukraine)

MINIMALLY INVASIVE SURGICAL TREATMENT OF ACETABULAR FRACTURES**16:20–16:40**

Prof. Dietmar Krappinger, MD, PhD (Austria)

MANAGEMENT OF ACETABULAR FRACTURES IN GERIATRIC PATIENTS**16:40–17:00**

Oleksandr Rikhter, MD, PhD (Ukraine)

IMPORTANCE AND TECHNIQUES OF REDUCTION IN ACETABULAR FRACTURES**17:00–17:20**

Valentyn Piontkovskyi, MD, ScD (Ukraine), Bohdan Myronyk, MD (Ukraine)

DIAGNOSTICS, CLASSIFICATION, AND TREATMENT STRATEGIES FOR ACETABULAR LESIONS**17:20–17:40**

Prof. Axel Gänsslen, MD, PhD (Germany)

CHOICE OF SURGICAL APPROACHES IN ACETABULAR SURGERY
